DESCRIPTION: The new 9'6" Queen Classic Northern Lite Camper (for long box trucks) is the latest addition to our lineup of luxurious lightweight campers. Even though we have increased the width of this camper (now 8'2" wide) and increased the length of the bed (now 60"x80"), the weight still comes in at a surprisingly light 2150 lbs. Even with our Promotion Package and a few other convenient options, the new camper still weighs less than 2400 lbs. Weve patterned this camper after our very successful 8'11" Camper (for short box trucks) and lightened the new camper by using Dometic Acrylic Thermal Pane Windows (half the weight of conventional Thermal Pane Windows), our Nidacore flooring system, aluminum jack brackets, a Full Queen sized mattress and other proven weight-saving measures that do not affect the structural integrity of the camper.
