- Smart Device Integration

DESCRIPTION: The ID.4 is Volkswagen's first all-electric SUV and the brand's first global EV which makes this car so special. Right out of the gate, this vehicle does a lot of things right. The ID 4 is spacious and comfortable inside, it has a smooth powertrain, comes with plenty of standard driver aids and offers competitive range for a mass-market EV. The range on it to be specific is up to 250 miles which is very good. On the surface, this ID 4 is beautiful all around with its simplistic design and same goes on the inside. This car is amazing for getting you around town and still gives you the comfort Volkswagen brings. This Pro S also is in All Wheel Drive to get you through any terrain. Come in to take it for a test drive and see if this is the next car for you!

This vehicle was repurchased by the manufacturer due to a complaint from the previous owner. Despite having resolved the issue, the manufacturer stepped in to promote customer...
