DESCRIPTION: The 2022 Nissan Frontier is Nissans new spin to their beloved frontier model trucks. This new body style and features make a night and day difference to the old frontier models. With a futuristic face and blistered fenders inspired by the original Nissan "Hardbody" compact trucks, the freshly designed Frontier looks great. Likewise, the new generation's interior has a more stylish layout and additional features. Power is provided by a 310-hp V-6 that pairs with a nine-speed automatic transmission and rear- or four-wheel drive. Off-road enthusiasts will also appreciate the Pro-X trim that has a beefier suspension, an electronic locking rear differential, and other rugged add-ons. Come in today and take a test...
